

MARIA HELENA PACHECO

Web Developer

PROFILE

Entry-level developer with a background in Information Technology and hands-on experience building responsive, full-stack web applications. Skilled in HTML, CSS, JavaScript, passionate about writing clean, efficient code, and creating smooth user experiences. Known for being a fast learner, a collaborative team player, and always curious about new technologies. Looking to contribute to a forward-thinking team where I can grow and make a meaningful impact.
